## DON'T DEPORT BABIES, CHILDREN AND THEIR FAMILIES TO NAURU PETITION

To the Honourable Speaker and Members of the House of Representatives

44 children including 25 babies born to asylum seekers in Australia are at risk of removal to Nauru following the Asylum Caseload Legacy Bill becoming law. Their removals are being arranged by Immigration Minister Scott Morrison, despite his claim that he wants children released from detention. There is a court injunction to delay removals until January 30, 2015 but already one six month old baby and her family have been forcibly removed from Perth to Darwin in preparation for removal to Nauru. The babies and families would join 167 children already caged on Nauru.

## We the undersigned call on the government to:

- Not send any asylum seeker children offshore
- Immediately bring all families and children back from Nauru, as the first step to ending detention for refugees completely
