

Paint the town

5.30pm

Friday Dec 8

State Library

328 Swanston St City

Join a RAC working bee to cover the streets of Melbourne in posters, stickers, chalk stencils, banners, leaflets and more with the 'welcome refugees' and 'bring them here' message, and advertisements for the Human Rights Day refugee rally.

We will have people at the State Library until 7.30pm.

“*refugee*”

We'll approach bars and cafes and cover bollards, poles and footpaths across the CBD, just as the "Yes" campaign did.

We will have plenty of materials, including Trades Hall Council's new posters, but feel free to bring your own material and ideas. We'll work in groups, so it's a good chance to meet other refugee activists on the night.

Refugees on Manus have been moved by force and beaten with metal rods, but their protests are continuing. Nothing has been settled on Manus, there is still no safety, no security, no resettlement after four and a half years. Help us take the message to Evacuate Manus and Nauru and Bring The Refugees here to wider layers.

If you can't make the city, take the message to your suburb and post photos of your work to www.facebook.com/groups/racvictoria/ or send as a message via our page www.facebook.com/racvic/ and we will share widely.
