

Evacuate Now – Manus & Nauru

TO THE HONOURABLE THE SPEAKER AND
MEMBERS OF THE HOUSE OF REPRESENTATIVES

This petition of the Refugee Action Collective, Victoria,
draws to the attention of the House:

- The inhumanity of indefinite detention
- The diminishing health and well-being of all held against their will in Manus and Nauru
- The inability of the Australian government to protect these people and keep them sheltered, fed, healthy and safe.

We therefore ask the House to:

- Recognise the suffering of the men on Manus Island and the refugees and asylum seekers on Nauru
- Evacuate the men on Manus Island and the refugees and asylum seekers on Nauru to Australia
- Ensure that their rights to refuge are met as a matter of urgency.
